### 3. Papyrus

Papyrus is a unique event, built upon to bridge the distance between social responsibility and individual's culpability in contributing uplifting, and beneficial actions directed at the heart of the issue, which is under discussion. The literal translation of the word 'Papyrus' means 'paper',

which is the very vital core of the entire event. The event aimed to reduce carbon foot print and various other undesirables by stressing and adopting ways to educate and use paper as a means of packaging, which incontrovertibly plays a significant role, in retail industry but all the list goes on the impacts and the aftermath of use of paper. The event was executed on 1<sup>st</sup> to 3<sup>rd</sup> of December 2023.
