| Institution can conduct workshops on the respective of streams, should upgrade curriculum on the bases of current industrial approach |
| From my side everything seems good and well |
| Add more information on the topics which will come in exam's |
| Teaching the way students like.
Getting students attention.
Sone interactive sessions & discussions. |
| 1) More offen tests to be conducted
2) More fest or educational fests to be conducted to give opportunities to students to participate and improve their confidence and skills
3) A better timetable to be set for internal exams and classes as well |
| everything is good |
| The teaching is really very effective they go through each and every students and make them understand and share there knowledge |
| Less strictness, less teaching speed |
| Teaching is good . |
| NIL |
| Well learned and satisfied |
| Conducting educational trip
Regular instructions to students
Regular interaction b/w students |
| Increasing student teacher interactions helps to better concentrate in class |
| Inclusion of LCD projector |
| |

More examples Simplicity Conducting Tests
Should use ICT tools such as projectors. Identify student's weakness and help them to come over.
Very good and satisfied
It was good
To teach concepts slowly and to make even dull students to understand concepts because all students dont have same iq power so teachers need to exaplain slowly mainly accounts the shortforms of entries should be teached in full forms according to table
Implementing interactive learning methods, such as group discussions and practical applications, can enhance student engagement and understanding. Integrate technology effectively, like online resources and educational tools, to create a more dynamic and accessible learning environment. Create a platform for continuous dialogue between students and faculty to address evolving educational needs and tailor teaching approaches accordingly.
I'm ok with the present teaching😊.
Need better too
Effective teaching
I don't have any suggestions
Nothing to suggest.
Motivating students Using projector or ai tools while teaching Communicating with students and getting feedback from students
Every teachers are good
UNDERSTAND STUDENTS THOUGHTS BE FRIENDLY COMMUNICATION
Please help to students to score marks and helps to give good internals marks
To encourage and give support to the students
Don't judge the students by there marks
I am satisfied with the learning process in college and I thought there is no any suggestions needed to improve the teaching learning process.
Excellent
Effective feedback can lead to positive result in the classroom Make teaching a two way interaction
1) Building Confidence in students by encouraging them to participate more in academics. 2) Explaining a topic more briefly than just presenting. 3) Making them understanding rather than byhearting. 4) Providing them placement opportunities atleast some mockup to make them understand the experience of an interview.
* Can improve in giving practical examples * Can manage time more better * Can allow students to participate in co curricular activities
Usage of ICT tools
