HISTORY

Established in 1956-57 in Malleshwaram, MES Institutions began as a small intermediate college with just 68 students, aiming to provide value-based, affordable education, especially for girls. Founded by visionaries like Sri G. A. Acharya and Prof. B. R. Subba Rao, the institution initially operated from a modest dwelling, Anandashram, fostering a Gurukula-like bond between students and teachers. Over the decades, MES has grown into a premier educational group managing schools, colleges, and a PG & Research Centre, serving over 15,000 students. Renowned for its care and compassion, it has produced leaders across fields, shaping generations with character, confidence, and credibility.
